CURATED SEARCH

- Search that reveals other relevant federal websites, including laws and regulations

GLOSSARY

- Implemented as a 'drawer' that opens on the right side of the site when a user clicks on a word that has a certain indicator by it. This allows for helper text for our complex terms.

METADATA

- Will be throughout site, in footers etc. Data will have metadata presented near it so that users don't have to navigate to a separate section of the site to find it.

PIUBLIC COMMENT

- Will be throughout site wherever appropriate call out opportunities for public comment
- Provide direction for comment/contribution to USEITI process
- Provide direction for comment on technical aspects of site
